Example of our work

JHK Adult T-shirt

This is an example of a Medium Logo size design. This shows the work we can do. We will work with designs supplied by our customers, or if a customer does not have a design we will help with finding the design that they need. Designs that are already ready to go are the Guiding trefoils and World Badge, taekwondo in Korean script.

Logo services

What price is my logo

Logo's are divided into three easy categories for embroidering, small, medium or large. Which category they fit into depends on two factors. The actual size of what you wish embroidering and the number of colours you wish to be used:

Small Logo's: Logo is no bigger than 4cm square with up to five colours of thread used.

Medium Logo's: Logo is no bigger than 6cm square with up to ten colours of thread used.

Large Logo's: Logo is no bigger than 10cm square with up to fifteen colours of thread used.

Special Logo's: Logo is bigger than 10cm square. We will need to see the logo and give an individual quote for this design.

Martial Arts belt: These can have either you name written in English script or the form of Martial Arts in the relevant language.
